5 BROAD-BASED BLACK ECONOMIC EMPOWERMENT AND SOCIO-ECONOMIC OBLIGATIONS

As explained in more detail in the BBBEE Claim Form in Section 8 and as prescribed in terms of the Preferential Procurement Policy Framework Act (PPPFA), Act 5 of 2000 and its Regulations, Respondents are to note that Transnet will award preference points to companies who provide valid proof of their B-BBEE status using either the latest version of the generic Codes of Good Practice or Sector Specific Codes (if applicable).
The value of this bid is estimated to be below R50 000 000 (all applicable taxes included); and therefore the 80/20 system shall be applicable. Despite the stipulated preference point system, Transnet shall use the lowest acceptable bid to determine the applicable preference point system in a situation where all received acceptable bids are received outside the stated preference point system.

Respondents are required to complete Section 8 [the B-BBEE Preference Point Claim Form] and submit it together with valid proof of their B-BBEE Status as stipulated in the Claim Form in order to obtain preference points for their B-BBEE status. Respondents are required at all times to comply with the latest B-BBEE legislation and/or instruction notes as issued from time to time by the DTI.

**Note:** Failure to submit valid and original (or a certified copy of) proof of the Respondent’s compliance with the B-BBEE requirements stipulated in Section 8 of this RFP (the B-BBEE Preference Points Claim Form) at the Closing Date of this RFP, will result in a score of zero being allocated for B-BBEE.

### 5.1 B-BBEE Joint Ventures or Consortiums

Respondents who would wish to respond to this RFP as a Joint Venture [JV] or consortium with B-BBEE entities, must state their intention to do so in their RFP submission. Such Respondents must also submit a signed JV or consortium agreement between the parties clearly stating the percentage [%] split of business and the associated responsibilities of each party. If such a JV or consortium agreement is unavailable, the partners must submit confirmation in writing of their intention to enter into a JV or consortium agreement should they be awarded business by Transnet through this RFP process. This written confirmation must clearly indicate the percentage [%] split of business and the responsibilities of each party. In such cases, award of business will only take place once a signed copy of a JV or consortium agreement is submitted to Transnet.

Respondents are to note the requirements for B-BBEE compliance of JVs or consortiums as required by Section 8 [the B-BBEE Preference Point Claim Form] and submit it together with proof of their B-BBEE Status as stipulated in the Claim Form in order to obtain preference points for their B-BBEE status.

**Note:** Failure to submit a valid and original B-BBEE certificate for the JV or a certified copy thereof at the Closing Date of this RFP will result in a score of zero being allocated for B-BBEE.

### 5.2 Subcontracting

Transnet fully endorses Government’s transformation and empowerment objectives and when contemplating subcontracting Respondents are requested to give preference to Exempted Micro Enterprises (EMEs), Start-up companies and Qualifying Small Enterprises (QSEs) which are Black Owned, Black Women Owned, Black Youth Owned, companies owned by Black People with Disabilities, including any companies designated as B-BBEE Facilitators\(^1\).

Respondents are required to submit proof of the subcontracting arrangement between themselves and the subcontractor. Proof of the subcontracting arrangement may include a subcontracting agreement.

---

\(^1\) The Minister of the Department of Trade and Industry has the power to designate certain Organs of State or Public Entities as B-BBEE Facilitators. For example, the South African National Military Veterans’ Association (SANMVA) has been designated as a B-BBEE Facilitator. As such they will be treated as having rights of ownership held 100% by Black People, 40% by Black Women and 20% by Black designated groups.
Respondents are to note that it is their responsibility to select competent subcontractors that meet all requirements of the bid so that their bid is not jeopardised by the subcontractor when evaluated. Respondents are responsible for all due diligence on their subcontractors.

If contemplating subcontracting, please note that a Respondent will not be awarded points for B-BBEE if it is indicated in its Proposal that such Respondent intends subcontracting more than 25% [twenty-five percent] of the value of the contract to an entity/entities that do not qualify for at least the same points that the Respondent qualifies for, unless the intended subcontractor is an EME with the capability to execute the contract.

Respondent/s are discouraged from subcontracting with their subsidiary companies as this may be interpreted as subcontracting with themselves and / or using their subsidiaries for fronting. Where a Respondent intends to subcontract with their subsidiary this must be declared in their bid response.

The successful Respondent awarded the contract may only enter into a subcontracting arrangement with Transnet’s prior approval.

The contract will be concluded between the successful Respondent and Transnet, therefore, the successful Respondent and not the sub-contractor will be held liable for performance in terms of its contractual obligations.

A person awarded a contract may not subcontract more than 25% [twenty-five percent] of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned, unless the contract is subcontracted to an EME that has the capability and ability to execute the subcontract.

In terms of Section 8 of this RFP [the B-BBEE Preference Point Claim Form] Respondents are required to indicate the percentage of the contract that will be sub-contracted, indicate the % allocation to EME’s and QSE’s and the B-BBEE status of the sub-contractor/s.

5.3 Minimum B-BBEE level

Transnet has decided to set a minimum B-BBEE threshold for participation in this RFP process. The minimum B-BBEE threshold in this instance is a B-BBEE Level 1-4 and Respondents who do not have at least this B-BBEE status will be disqualified.

5.4 B-BBEE Improvement Plan

Transnet encourages its Suppliers to constantly strive to improve their B-BBEE rating. Whereas Respondents will be allocated points in terms of a preference point system based on its B-BBEE scorecard to be assessed as detailed in paragraph 5 above, in addition to such scoring, Transnet also requests that Respondents submit a B-BBEE improvement plan. Respondents are therefore requested to indicate the extent to which they will maintain (only if the Respondent is a Level 1) or improve their B-BBEE status over the contract period.

Respondents are requested to submit their B-BBEE Improvement Plan as an essential document with their Proposals by completion of Annexure C appended hereto. [Refer to Section 11 and Annexure C for further instructions]
5.5 Supplier Development Initiatives

Historically in South Africa there has been a lack of investment in infrastructure, skills and capability development which has resulted in inequality in the income distribution and wealth of a significant portion of the population. There have been a number of Government initiatives developed to address these challenges. In particular, the New Growth Path [NGP] and New Development Plan [NDP] aligns and builds on previous policies to ensure the achievement of Government’s development objectives for South Africa.

Transnet fully endorses and supports Government’s economic policies through its facilitation of Enterprise and Supplier Development [ESD] initiatives. Hence Respondents are required to submit their commitments with regard to Enterprise and Supplier Development Initiatives over the duration of this contract.

As a prequalification criterion to participate in this bid, Respondents are required to provide a commitment that the monetary value of all SD initiatives to be undertaken by them will not be less than 0% [zero percent] of the contract value.

All Respondents must refer to Section 9 for instructions and complete Section 10 [Declaration of Supplier Development Commitments] as this is a mandatory returnable document. In addition, Respondents are required to submit a Supplier Development Plan and SD Value Summary, Annexure A and B as these are required as essential returnable documents.

Note: Should a JV be envisaged the principal Respondent is required to submit the required responses as indicated above.

The commitments made by the successful Respondents will be incorporated as a term of the contract and monitored for compliance.

6 COMMUNICATION

6.1 For specific queries relating to this RFP, an RFP Clarification Request Form should be submitted to Portia Mitchell (portia.mitchell2@transnet.net / 051-408 2656) before 12h00 on 10 June 2019.

6.3 Respondents are to note that changes to its submission will not be considered after the closing date.

6.4 Respondents are warned that a Proposal may be liable to disqualification should any attempt be made by a Respondent either directly or indirectly to canvass any officer or employee of Transnet in respect of this RFP between the closing date and the date of the award of the business. Furthermore, Respondents found to be in collusion with one another will be automatically disqualified and restricted from doing business with Transnet in the future.

7 CONFIDENTIALITY

All information related to this RFP is to be treated with strict confidence. In this regard Respondents are required to certify that they have acquainted themselves with the Non-Disclosure Agreement. All information related to a subsequent contract, both during and after completion thereof, will be treated with strict confidence. Should the need however arise to divulge any information gleaned from provision of the Goods,
which is either directly or indirectly related to Transnet’s business, written approval to divulge such information must be obtained from Transnet.

8 INSTRUCTIONS FOR COMPLETING THE RFP

8.1 Duplicate copies are not required but bidders must ensure that a copy is kept on file for referral and record purposes.

8.2 All returnable documents tabled in the Proposal Form [Section 4] must be returned with proposals.

8.3 Unless otherwise expressly stated, all Proposals furnished pursuant to this RFP shall be deemed to be offers. Any exceptions to this statement must be clearly and specifically indicated.

8.4 Any additional conditions must be embodied in an accompanying letter. Subject only to clause 16 [Alterations made by the Respondent to Bid Prices] of the General Bid Conditions, alterations, additions or deletions must not be made by the Respondent to the actual RFP documents.

9 COMPLIANCE

The successful Respondent [hereinafter referred to as the Supplier] shall be in full and complete compliance with any and all applicable laws and regulations.

10 DISCLAIMERS

Respondents are hereby advised that Transnet is not committed to any course of action as a result of its issuance of this RFP and/or its receipt of Proposals. In particular, please note that Transnet reserves the right to:

10.1 modify the RFP’s Goods and request Respondents to re-bid on any such changes;
10.2 reject any Proposal which does not conform to instructions and specifications which are detailed herein;
10.3 disqualify Proposals submitted after the stated submission deadline [closing date];
10.4 not necessarily accept the lowest priced Proposal or an alternative bid;
10.5 reject all Proposals, if it so decides;
10.6 withdraw the RFP on good cause shown;
10.7 award a contract in connection with this Proposal at any time after the RFP’s closing date;
10.8 award a contract for only a portion of the proposed Goods which are reflected in the scope of this RFP;
10.9 split the award of the contract between more than one Supplier, should it at Transnet’s discretion be more advantageous in terms of, amongst others, cost or developmental considerations;
10.10 make no award of a contract;
10.11 validate any information submitted by Respondents in response to this bid. This would include, but is not limited to, requesting the Respondents to provide supporting evidence. By submitting a bid, Respondents hereby irrevocably grant the necessary consent to Transnet to do so;

10.13 not accept any changes or purported changes by the Respondent to the bid rates after the closing date and/or after the award of the business, unless the contract specifically provided for it.
Should a contract be awarded on the strength of information furnished by the Respondent, which after conclusion of the contract, is proved to have been incorrect, Transnet reserves the right to cancel the contract and/or place the Respondent on Transnet's list of Restricted Suppliers.

Transnet reserves the right to undertake post-tender negotiations [PTN] with selected Respondents or any number of short-listed Respondents, such PTN to include, at Transnet's option, price negotiations and any evaluation criteria listed in this RFP document. In the event of any Respondent being notified of such short-listed/preferred bidder status, his bid, as well as any subsequent negotiated best and final offers (BAFO), will automatically be deemed to remain valid during the negotiation period and until the ultimate award of business.

Transnet reserves the right to award the business to the highest scoring bidder/s unless objective criteria justify the award to another bidder.

Should the preferred bidder fail to sign or commence with the contract within a reasonable period after being requested to do so, Transnet reserves the right to award the business to the next ranked bidder, provided that he/she is still prepared to provide the required goods at the quoted price. Under such circumstances, the validity of the bids of the next ranked bidder(s) will be deemed to remain valid, irrespective of whether the next ranked bidder(s) were issued with a Letter of Regret. Bidders may therefore be requested to advise whether they would still be prepared to provide the required goods at their quoted price, even after they have been issued with a Letter of Regret.

Kindly note that Transnet will not reimburse any Respondent for any preparatory costs or other work performed in connection with its Proposal, whether or not the Respondent is awarded a contract.

11 LEGAL REVIEW

A Proposal submitted by a Respondent will be subjected to review and acceptance or rejection of its proposed contractual terms and conditions by Transnet’s Legal Counsel, prior to consideration for an award of business. Acceptance of this bid could be subject to the condition that the Successful Respondent, its personnel providing the goods and its subcontractor(s) must obtain security clearance from the appropriate authorities to the level of CONFIDENTIAL/SECRET/TOP SECRET. Obtaining the required clearance is the responsibility of the Successful Respondent. Acceptance of the bid is also subject to the condition that the Successful Respondent will implement all such security measures as the safe performance of the contract may require.

13 NATIONAL TREASURY’S CENTRAL SUPPLIER DATABASE

Respondents are required to self-register on National Treasury’s Central Supplier Database (CSD) which has been established to centrally administer supplier information for all organs of state and facilitate the verification of certain key supplier information. Respondents must register on the CSD prior to submitting their bids. Business may not be awarded to a Respondent who has failed to register on the CSD. Section 9: SUPPLIER DEVELOPMENT INITIATIVES

1.1 Aim and Objectives

Historically in South Africa there has been a lack of investment in infrastructure, skills and capability development and an inequality in the income distribution and wealth of a significant portion of the population. There have been a number of Government initiatives developed to address these challenges. In particular, the New Growth Path [NGP] and New Development Plan [NDP] aligns and builds on previous policies to ensure the achievement of Government’s development objectives for South Africa. Transnet fully endorses and supports Government’s New Growth Path policy.

The key focuses of the NGP include:

- increasing employment intensity of the economy
- addressing competitiveness
- balancing spatial development of rural areas and poorer provinces
- reducing the carbon intensity of the economy
- creating opportunities in improving regional and global cooperation
- enabling transformation that benefits a wider range of social actors in society e.g. workers, rural communities, youth and women

Transnet, as a State Owned Company [SOC], plays an important role to ensure these objectives are achieved. Therefore, the purchasing of goods and services needs to be aligned to Government’s objectives for developing and transforming the local supply base. Transnet’s mission is to transform its supplier base by engaging in targeted supplier development initiatives to support localisation and industrialisation. Transnet aspires to also provide meaningful opportunities for Black2 South Africans with a particular emphasis on:

- Youth [16 to 35 year olds]
- Black-ownership
- Black women-ownership
- People with disabilities
- Small black-owned businesses
- Local Economic development (the local to site development principle)
- Job creation and job preservation of historically disadvantaged groups or individuals

Transnet requests that the Respondents discharge their supplier development initiatives in a manner that would preferably benefit the above mentioned groups.

1.2 Supplier Development [SD]

To facilitate the implementation of Supplier Development initiatives, Transnet has adapted an existing framework from the Department of Public Enterprises [DPE]. This framework allows for a basic set of principles to be applied to appropriately targeted SD initiatives. Supplier development initiatives aim to build local suppliers who are competitive through building capability and capacity. Hence the framework

---

2 “Black” means South African Blacks, Coloureds and Indians, as defined in the B-BBEE Act, 53 of 2003
has been termed the Increased Competitiveness, Capability and Capacity Supplier Development Classification Matrix [IC³ Matrix]. Currently there are four quadrants of SD initiatives which Transnet considers according to the IC³ Matrix. This RFP has been identified as strategic, involving high commercial leverage and high value.

As a prequalification criterion to participate in this bid, Respondents are required to provide a commitment that the monetary value of all SD initiatives to be undertaken by them will not be less than 0% [zero percent] of the contract value.

Accordingly, Respondents are required to provide a commitment of the Supplier Development initiative they will undertake during the contract period in the Supplier Development Value Summary. In addition, Transnet requires that all Respondents submit a Supplier Development Plan demonstrating how they will discharge their commitments made in the Supplier Development Value Summary. The contract which will be concluded with the successful bidder will incorporate the SD undertakings made in the abovementioned documents as a term of the contract.

a) For a detailed understanding of the IC³ Matrix, the respective SD initiatives and their objectives, please refer to the “Supplier Development Guidelines” appended hereto as Annexure D

This document must be used as a guideline to complete the SD Plan.

b) The following Supplier Development [SD] focus areas have been identified, namely:

<tr>
<th>Category</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>New Skills development</td>
<td>Skills transfer which will occur as a result of the award of contract</td>
</tr>
</tbody>

Not Applicable

c) The Supplier Development Plan is to be submitted as a separate document, developed in line with the criteria set out in the Supplier Development Value Summary. The Supplier Development Plan is a detailed narrative document explaining the Respondent’s Bid value as summarised in the Supplier Development Value Summary. The SD Plan should outline the type of activities you intend to embark upon should you be awarded the contract. This SD Plan should also provide an overview of what you intend to achieve, when, and the mechanisms whereby you will achieve those objectives. The SD Value Summary and SD Plan will represent a binding commitment on the part of the successful Respondent.

Annexure B must be completed, indicating by cross-reference the detailed areas which have been addressed in your SD Plan for each of the evaluation criteria listed in paragraph 1.2 (b) above, together with the Value Indicators therefor.

Notes for completion of the SD Plan:

(i) Respondents are required to address each of the aspects under the detailed SD Description as a minimum for submission. This is not an exhaustive list however, and Respondents must not be limited to these choices when compiling each section.

(ii) Please provide detailed calculations to illustrate how your estimated Rand values have been derived.

(iii) Respondents are required to provide an electronic copy [CD] of the completed Annexure A as part of the SD Plan submission.
1.3 **Additional contractual requirements**

Should a contract be awarded through this RFP process, the successful Respondent(s) [hereinafter referred to as the **Supplier**] will be contractually committed, *inter alia*, to the following conditions:

a) The Supplier will be required to submit a **Supplier Development Implementation Plan** within 45 [forty-five] calendar days from the signature date of a Letter of Intent [LOI]. This Implementation Plan represents additional detail in relation to the SD Plan providing an explicit breakdown of the nature, extent, timelines and monetary value of the SD commitments which the Supplier proposes to undertake and deliver during the term of the contract. Specific milestones, timelines and targets will be recorded to ensure that the Implementation Plan is in line with Transnet’s SD objectives and that implementation thereof is completed within the term of the contract.

b) The Implementation Plan may require certain additions or updates to the initial SD Plan in order to ensure that Transnet is satisfied that development objectives will be met.

c) The Supplier will need to ensure that the relevant mechanisms and procedures are in place to allow for access to information to measure and verify the Supplier’s compliance with its stated SD commitments.

d) The Supplier will be required to provide:

   (i) monthly status updates to Transnet for each SD initiative. [Detailed requirements will be provided by Transnet];

   (ii) quarterly status reports for Transnet and the DPE. [Detailed reporting requirements will be provided by Transnet]; and

   (iii) a final Supplier Development report, to be submitted to Transnet prior to the expiry date of the contract, detailing delivery, implementation and completion of all SD components plus auditable confirmation of the Rand value contribution associated with each such SD commitment.

e) All information provided by the Supplier in order to measure its progress against its stated targets will be auditable.

f) The Supplier will be required to submit this Implementation Plan to Transnet in writing, within 45 [forty-five] calendar days after signature of a Letter of Intent [LOI], where after both parties must reach an agreement [signed by both parties] within 20 [twenty] calendar days. Transnet will reserve the right to reduce or increase the number of days in which the Supplier must submit its Implementation Plan if it is deemed reasonable, based on the degree of complexity of the SD initiative.

g) The contract will be conditional on agreement being reached by the parties on the Implementation Plan submitted by the Supplier. Therefore failure to submit or thereafter to agree to the Implementation Plan within the stipulated timelines will result in the non-award of such a contract or termination thereof. Adherence to the Implementation Plan will be strictly monitored by the Regional SD structures as well as Group ESD M & E. (Group Enterprise and Supplier Development (Monitoring and Evaluation))

h) Failure to adhere to the milestones and targets defined in an Implementation Plan may result in the invocation of financial penalties, to be determined at Transnet’s discretion, as well as providing Transnet cause to terminate the contract in certain cases where material milestones are not being achieved.
1.4 Supplier Development Returnable Documents

Section 10: DECLARATION OF SUPPLIER DEVELOPMENT COMMITMENTS (NOT APPLICABLE)

Respondents are required to indicate whether they agree/do not agree to commit that not less than 0% (not applicable) of the contract value will be spent cumulatively on Supplier Development Initiatives. Failure to agree to this pre-qualification criterion will result in disqualification of a Bid response. This pre-qualification criterion must be discharged against the following Supplier Development categories as outlined in the Supplier Development Value Summary [Not Applicable]:

I/We do hereby certify that the Supplier Development commitments made in relation to this RFP are solely in relation to this transaction and are not duplicated in relation to any other contracts that I/we have secured with any other organ of state including other State Owned Companies.

Furthermore, I/we do hereby declare that this undertaking also applies to any other contracts that I may have secured with Transnet including other Transnet Operating Divisions/Specialist Units. For the purposes of verification of this undertaking, the following is a list of contracts with Supplier Development commitments that I/we have secured with Transnet:

______________________________________________________________________________________

I/We do hereby agree to the following should I/we fail to meet the required commitments in relation to SD:

**Non-Compliance Penalties:**

a) If the Supplier fails, at any agreed milestone, to achieve its commitments under and in accordance with the Supplier Development Implementation Plan ("a Non-Compliance"), the Supplier shall pay a Non-Compliance penalty ("Non-compliance Penalty") to Transnet in respect of such Non-compliance as set out in paragraph (e) below. The penalties shall be imposed per milestone measurement or for non-delivery of committed values.

b) Respondents are to note that Transnet will determine the size of the entity (i.e. EME, QSE and Large) and the applicable Non-compliance Penalties annually based on the Supplier’s turnover in the year the penalty applies.

c) Failure to adhere to the milestones and targets defined in an Implementation Plan shall result in the invocation of financial penalties. To the extent that the Actual Supplier Development Spend is lower than the Required Supplier Development Spend (or the Adjusted Required Supplier Development Spend, as the case may be), the Supplier shall be liable for Penalties calculated which is the difference in value between the Actual Supplier Development Spend and the Required Supplier Development Spend (or the Adjusted Required Supplier Development Spend, as the case may be) plus an additional percentage as indicated in the Table under...
paragraph e) below. Such Non-compliance Penalties shall be calculated and levied at the relevant milestones as stipulated in the Supplier Development Implementation Plan in accordance with the table below.

d) Breach of SD obligations also provide Transnet cause to terminate the contract in certain cases where material milestones are not being achieved.

e) **Table: SD Non Compliance Penalties**

In relation to Supplier Development Implementation Plan, Non Compliance Penalties shall apply as follows:

<table>
<thead>
<tr>
<th>Company Size</th>
<th>SD Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>Large Measured Entities (LME)</td>
<td>The difference in value between the committed and delivered SD value plus an additional 10% (ten per cent) of such difference</td>
</tr>
<tr>
<td>Qualifying Small Enterprise (QSE)</td>
<td>The difference in value between the committed and delivered SD value plus an additional 5% (five per cent) of such difference</td>
</tr>
<tr>
<td>Exempted Micro Enterprises(EME)</td>
<td>The difference in value between the committed and delivered SD value plus an additional 3% (three per cent) of such difference</td>
</tr>
</tbody>
</table>

For the purposes of this paragraph –

1. Actual Supplier Development Spend means the monetary value of SD initiatives actually delivered by the Supplier during the period under review;
2. Required Supplier Development Spend means the monetary value of SD obligations that the Supplier has agreed to deliver during the period under review;
3. Adjusted Required Supplier Development Spend means any adjustment to the Required SD spend as agreed to between the parties, reduced to writing and signed by the parties.

**Non-compliance Penalty Certificate:**

f) If any Non-compliance Penalty arises, the Supplier Development Manager shall issue a Non-compliance Penalty Certificate on the last day of each month during such Non-compliance indicating the Non-compliance Penalties which have accrued during that period.

g) A Non-compliance Penalty Certificate shall be prima facie proof of the matters to which it relates. If the Supplier disputes any of the amounts set out in a Non-compliance Penalty Certificate:

- the dispute shall be resolved in accordance with the provisions of the Agreement; and
- if pursuant to that referral, it is determined that the Supplier owes any amount to Transnet pursuant to the Non-compliance Penalty Certificate, then the Supplier shall pay such amount to Transnet within 10 (ten) Business Days of the determination made pursuant to such determination and an accompanying valid Tax Invoice.
Payment of Non-compliance Penalties:

h) Subject to Clause (g) above, the Supplier shall pay the Non-compliance Penalty indicated in the Non-compliance Penalty Certificate within 10 (ten) Business Days of Transnet issuing a valid Tax Invoice to the Supplier for the amount set out in that certificate. If Transnet does not issue a valid Tax Invoice to the Supplier for Non-compliance Penalties accrued during any relevant period, those Non-compliance Penalties shall be carried forward to the next period.

i) The Supplier shall pay the amount due within 10 (ten) days after receipt of a valid Tax Invoice from Transnet, failing which Transnet shall, without prejudice to any other rights of Transnet under this Agreement, be entitled to call for payment which may be in any form Transnet deems reasonable and/or appropriate.

j) Should the Supplier fail to pay any Non Compliance Penalties within the time indicated above (as applicable), Transnet shall be entitled to deduct (set off) the amount not paid by the Supplier from the account of the Supplier in the ensuing month.

Section 11: B-BBEE IMPROVEMENT PLAN

Transnet encourages its Suppliers to constantly strive to improve their B-BBEE rating and requests that Respondents submit a B-BBEE improvement plan. Respondents are therefore requested to indicate whether they will maintain or improve their BBBEE status over the contract period.

Additional contractual requirements

Should a contract be awarded through this RFP process, the successful Respondent(s) may be contractually committed, inter alia, to the following conditions:

a) The original B-BBEE Improvement Plan may require certain additions or updates in order to ensure that Transnet is satisfied that developmental objectives will be met.

b) The Supplier will need to ensure that the relevant mechanisms and procedures are in place to allow Transnet access to information to measure and verify the Supplier’s compliance with its stated B-BBEE Improvement commitments.

c) The Supplier will be required to provide:

   (i) quarterly status reports for Transnet; and

   (ii) a final B-BBEE Improvement Plan report, to be submitted to Transnet prior to the expiry date of the contract, detailing delivery, implementation and completion of all B-BBEE Improvement components.

d) All information provided by the Supplier in order to monitor and evaluate its progress against its stated targets will be auditable.

Respondents are requested to submit their B-BBEE Improvement Plan as an essential document with their Proposals by completion of Annexure D appended hereto. [Refer Annexure D for further instructions]

I/We do hereby agree to the following should I/we fail to meet the required commitments in relation to B-BBEE Improvement Plan:

Non-compliance Penalties:

   a) If the Supplier fails, at any agreed milestone, to achieve its commitments under and in accordance with the B-BBEE Improvement Plan ("a Non-compliance"), the Supplier shall pay a Non-compliance penalty ("Non-compliance Penalty") to Transnet in respect of such Non-compliance. The penalties shall be imposed per milestone measurement.

   b) Respondents are to note that Transnet will determine the size of the entity (i.e. EME, QSE and Large) and the applicable Non-compliance Penalties annually based on the Supplier’s turnover in the year the penalty applies.

Applicable Rates of Non-compliance Penalties in respect of B-BBEE Improvement plan:

   c) The Non-compliance Penalty shall be based on a percentage of the cumulative amount paid to the Supplier by Transnet during the preceding year of a contract. Penalties shall only apply in respect of contracts lasting 3 years or more and shall be imposed at the Applicable Rates mentioned in Table 1 below.
d) In order to ensure that payment of any applicable Non-compliance penalty is guaranteed, Transnet is entitled to make stipulated monthly/milestone deductions from amounts due to the Supplier. These amounts shall be retained as security to ensure that the Supplier will be able to discharge its obligations in respect of any applicable Non-compliance Penalty and shall be the “BBBEE Retention Amount”. The relationship between the Non-compliance Penalty and the B-BBEE Retention Amount is illustrated in Table 2 below. The deduction of the B-BBEE Retention Amount shall be based on the following:

i. Transnet shall be entitled to deduct a stipulated percentage from each monthly/milestone payment based on the penalty percentage stipulated in the next year as indicated in Table 1 below.

ii. By way of illustration, in respect of EMEs, in year 2 Transnet shall deduct 0.5% of each monthly/milestone payment to ensure that the Supplier will be able to meet its obligations in respect of any applicable Non-compliance Penalty due at the end of year 3. The same approach in calculation of the B-BBEE Retention Amount applies in respect of years 3 and beyond, based on the penalty percentage as stipulated in Table 2 below.

</table>

**The B-BBEE Retention Amount and applicable Non-compliance Penalties will apply similarly to contracts in excess of 5 years in duration.

e) The BBBEE Retention Amount shall be retained by Transnet as security for the obligations of the Supplier in terms of the BBBEE Improvement Plan.

f) Should there be a change in the status of the Supplier between the year the B-BBEE Retention Amount is deducted and the year the penalty is imposed, Transnet will be entitled to recover any shortfall between the B-BBEE Retention Amount and Non-compliance Penalty imposed, withhold payment due to the Supplier in lieu of payment of the remaining shortfall or deduct (set off) the amount not paid by the Supplier from the account of the Supplier in the ensuing month.

g) Should the Supplier’s obligations:
  - be met in terms of the BBBEE Improvement Plan, the BBBEE Retention Amount shall be released within 30 (thirty) days of the date of verification of compliance by the Supplier of its obligations in terms of the BBBEE Improvement Plan, at which time the monies shall be paid over to the Supplier; and
  - not be met, unless such failure is attributable to the occurrence of a Force Majeure Event, the Supplier shall forfeit the BBBEE Retention Amount and shall have no further claim against Transnet for the repayment of such amount.

Non-compliance Penalty Certificate:

h) If any Non-compliance Penalty arises, the Supplier Development Manager shall issue a Non-compliance Penalty Certificate on the last day of each month during such Non-compliance indicating the Non-compliance Penalties which have accrued during that period.

i) A Non-compliance Penalty Certificate shall be prima facie proof of the matters to which it relates. If the Supplier disputes any of the amounts set out in a Non-compliance Penalty Certificate:
• the dispute shall be resolved in accordance with the provisions of the Agreement; and
• if pursuant to that referral, it is determined that the Supplier owes any amount to Transnet pursuant to the Non-compliance Penalty Certificate, then the Supplier shall pay such amount to Transnet within 10 (ten) Business Days of the determination made pursuant to such determination and an accompanying valid Tax Invoice.

Payment of Non-compliance Penalties:

j) Subject to Clause (i) above, the Supplier shall pay the Non-compliance Penalty indicated in the Non-compliance Penalty Certificate (or any part thereof due) within 10 (ten) Business Days of Transnet issuing a valid Tax Invoice to the Supplier for the amount set out in that certificate. If Transnet does not issue a valid Tax Invoice to the Supplier for Non-compliance Penalties accrued during any relevant period, those Non-compliance Penalties shall be carried forward to the next period.

k) The Supplier shall pay the amount due within 10 (ten) days after receipt of a valid Tax Invoice from Transnet, failing which Transnet shall, without prejudice to any other rights of Transnet under this Agreement, be entitled to call for payment which may be in any form Transnet deems reasonable and/or appropriate.

l) Should the Supplier fail to pay any Non Compliance Penalties within the time indicated above (as applicable), Transnet shall be entitled to deduct (set off) the amount not paid by the Supplier from the account of the Supplier in the ensuing month.
